

FLIP-FLOP

Tom Paul's acrobatic sailfish was one of 19 he caught aboard *Rum Line*. Capt. Chris Sheeder captured the lucky shot and says, "The sail was doing that flip-flop, greyhound thing they like to do!"

LOCATION

"This year was the most consistent red-hot bite from start to finish we've had in Guatemala — even topping the 2006 season. It was the perfect storm! We fished huge, densely populated areas for days, even weeks," reflects Sheeder.
